Palmetto Hematology Oncology In Your Neighborhood, Across the Upstate

Our medical team serves the upstate South Carolina area with professional attention to our patients' need. We have six local offices to serve your needs. Each of our doctors is board certified and our expertise covers Oncology, Hematology, Blood Disorders and Internal Medicine. We pride ourselves in providing compassionate care to each of our patients.

Browse our site to learn about the history of PHO, read detailed biographies of our medical Hematologists-Oncologists, and obtain reliable, accurate information about your diagnosis and treatment. Visit our [links](#) page for more information on blood disorders and cancer treatment as well as some excellent information on research studies and links to US Government sites.

Every month or so we highlight two or three new links to articles related to cancer treatment or ancillary support of cancer or blood disorders. In our "[Resources](#)" section are pages of links to recommended sites for additional information about cancer treatment, blood disorders, hematology, studies and government agencies.

Palmetto Hematology Oncology offers advanced level of diagnosis and treatment to our patients, whether they have a blood disorder, cancer or other disease. We are proud to now be affiliated with the M. D. Anderson Clinic providing our patients with world class cancer treatment and care.

We encourage all of our patients to inquire with their own oncologist or hematologist with questions that pertain to their particular diagnosis.

Help us make this website even better:

- Offer your suggestions
- Inform us of area events
- Send us information you would like to see!
